*Available 24/7 for Emergency Services*

## **Home Preparation Tasks:**

- Install hurricane shutters or board windows
- Inspect and secure roof, gutters, and attic vents
- Trim trees, clear loose branches, and yard debris
- Secure or store outdoor furniture and equipment
- Check sump pumps and drains for proper flow

## **Emergency Supply Kit:**

- 1 gallon of water per person per day (for at least 3 days)
- Non-perishable food and manual can opener
- Flashlights, extra batteries, candles, matches
- First aid kit and essential medications
- Cash, important documents in waterproof container
- Charged power banks, phone chargers, backup radios

## **After the Storm:**

- Take photos of all damage immediately
- Avoid downed power lines and standing water
- Call Craftline for emergency tarping and inspection
- File your insurance claim with documentation

- Book full remodeling services if needed
